If you're new to the sliding puzzle genre, then let us start off with an introduction. This genre of puzzle game has been around for a long time, but with all the competition for top spots, the genre has progressed a lot. By now, the genre is well defined - that's one of the reasons why it's so easy for a new entry to stand out. Generally speaking, all the general audience games fall into two different types. One type is the Free-Puzzle-Game (FPG) type, where the puzzles are based on abstract visual images, often taken from children's books or fairytales. In these FPGs, the difficulty is progressive and pretty easy to pick up. The other type, however, is the minimalistic, no-frills type. This is the opposite direction of what most of the mainstream games do. There are very few options given, which include almost nothing aside from the actual display size. The puzzle you have to solve will be simple, but there is no way to expect a challenge. Yet most of these minimalistic puzzles are very entertaining, because the lack of frills provides more room for puzzle solutions. Most of the minimalistic game is about keeping you on your toes. But the way that A Day in the Woods does that is pretty unique and ingenious. In this game, the whole thing is not just about the display itself. The main thrust of the game is the story. A Day in the Woods was conceived as a sequel to A Day in the Park, an acclaimed game of a similar genre. If you play the original, you already know how the game plays. In order to follow the game's narrative, you will have to read the (audiobook) story while playing this game. It is a very nicely designed and thought-out decision on part of the game developers. Since the story itself is pretty unique in this genre, it is a given that the way this game tells it is also unique. But rather than taking the easy route of a linear, cut-scene-driven story, the story is rather nicely told through a series of game-like puzzles. The game also has a nice soundtrack, and there is an option for each puzzle to choose a piece of music to go with it. There are many choices, and all the songs are good. In the end, is A Day in the Woods a minimalistic FPG?

**Rusty Runner is the name of two toy plastic race cars in two series released by TPCi, a division of Hasbro. The cartoon series from Hasbro Studios aired on Discovery Family. and was named in reference to Mazda's famous long nose Kei-car Rusty was first released in the Rescue Heroes series in 2002, the first series Rusty appeared in. It was followed by the Mom's Dug Out series and the Chef's Recap series. The success of the cars has resulted in two live-action film series, Rusty Rides Again (2003-2005) and Rusty: Race to Rebirth (2006). Followed by a television series Rusty Rides Again also ran in 2008-2009. Rusty Runner series Rusty's Rescue Heroes Rusty, a green racing car with a long nose and blue wheels, is one of the coolest characters for toddlers and kids to play with. As his body is shaped like an alligator, and he has three eyes, he is a representation of the classic fast cartoon style. Rusty is designed to look like his cartoon counterpart, however his tail is shorter and made out of plastic, his mouth is pointed upwards, and he has plain wheels. As is the case with all Rescue Heroes figures, Rusty comes with a bunch of accessories to help save the day, and he can save even larger figures with his special Rescue Heroes booster. Use the invention to activate the special mode in Rusty's rescue move, and he'll supercharge his powers and double his fuel tank. He will then deliver emergency supplies to help save the day. The rescue heroes figures include Rescue Heroes Rusty, Brave Rusty, Cheerful Rusty, Terribly Rusty, and Puzzling Rusty. Rescue Heroes - Rescue Heroes Rusty's ready to save the day! If it's fire, brave Rusty is always on the job. He'll put out the flames to help rescue any figure or vehicle you stack up with. If it's natural disasters, Rusty'll keep all those kids out of trouble by letting you see out his back windows. Sometimes disaster can sneak up, so Cheerful**

**Rusty in the back does his best to keep you upbeat. He's ready to dish out hugs and more laughs to help you focus on the fun of playing Rescue Heroes. Rusty - Rescue heroes are great like they are, but what if there was something cooler? Something by HERO? That's where the Rusty comes in. Pre-size and super-size the rescue heroes figures to create the ultimate**

Pillars of Eternity II: Deadfire is a narrative-driven and party-based roleplaying game set in the world of Eora, where you play the Watcher and explore the dead parts of the world. How to Play: Move with your mouse or WASD. Use your left mouse button to interact with objects and equip your character. Press Esc to pause. There are three ways to play the game: Solo (without companions), PvP (Player versus player), and Survival (In which you defeat mobs and enemies with your party and loot their corpses). Features: Unrivaled story-telling. Play the story you want, in any order. Form part of a skilled party, play with a group of your friends. There are over 20 profession specializations: The Avenger: The scourge of the undead. Armed with heavy weapons, you can decimate hordes of lesser foes. The Duelist: A master of weapons and the art of the fight. With your trusty razor, your blade, or your trusty shotgun, slay all comers. The Esquire: Perhaps the most pretentious profession in all of Eora. The Esquire has everything he needs to learn to fight, and he's got the right to look down on the rest of humanity. The Hunter: On the trail of the Next Big Threat! But what this hunter knows can't be taught in a book. You've got to experience the true thrill of the hunt... in your own two hands. The Inquisitor: Keep your friends close, but your enemies closer. The Inquisitor can spy on any NPCs, read their minds, and gather information. You can uncover what enemies whisper to one another. The Mystic: Heal the sick, raise the dead, cast powerful spells from a distance! Learn to summon power from beyond, and protect your allies at all costs. The Pack Leader: You lead a team of dogs and hunt in the pack mentality. Use your own tricks, but don't do anything so rash that would endanger your furry charges. Your ferocity and loyalty keep them close. The Ranger: Beyond the fight, beyond survival. The Ranger has a long way to walk, and your faithful hound is there to keep you company. Hire friends, kill foes, but always keep an eye out for those who are lost in the woods. The Scion: Eora is a place of trial and growth. You must prove yourself in every aspect
