Andrew Heywood Politics PDF 42.00M..A comparison of treatment responses of hepatocellular carcinoma and perihilar cholangiocarcinoma to percutaneous ethanol injection therapy using histological size parameters. We compared the therapeutic responses of hepatocellular carcinoma (HCC) and perihilar cholangiocarcinoma (PHC) to percutaneous ethanol injection therapy (PEIT). Fifteen patients with HCC and 14 patients with PHC were retrospectively compared. The size, number of tumors, tumor clearance, and indocyanine green retention rate at 15 min after the first PEIT were evaluated by computed tomography and ultrasonography. The tumor clearance and indocyanine green retention rate at 15 min of the 15 patients with HCC was 40.0% and 8.1%, respectively, which were significantly higher than those of the 14 patients with PHC, 27.5% and 3.6%, respectively (p=0.003 and pQ: Does copying a process into a thread still work? I have two processes, a main process and another process that is a thread with a message loop. If I copy the main process into the thread, but don't make the thread's message loop receive a message from the thread, will it still work? Does the thread just see that
