Starting with a new document To start a new document, choose Image>New. Alternatively, you can click the Open button on the top left of the workspace to open a blank canvas on which you can work. Figure 14-1 shows the New dialog box and the dialog box for the default Photoshop window. FIGURE 14-1: The New dialog box provides several options when you want to create a new document.

The New dialog box provides four preset options, as shown in Figure 14-1. You can adjust any of the options in the dialog box, but we prefer to create an image of a preset width (which we cover in the next section) and then scale it to fit the actual size of the monitor. You can't change the size of the New Document image unless you make a change to the Preset drop-down list.

Ask HN: How do I cure insomnia? - mvidall1 Hi, // I found out I am having insomnia due to eating too much. It sounds like I can handle it without medication but how can I cure insomnia? =====  
mtmail If it comes to sleep I don't see how your weight can matter. A low carb diet should make that go away. Eating too much will typically make you tired and could as well trigger insomnia. ~~~ mvidall1 I was trying to calculate my intake but it had been more than 10 years since I tried to fix that. I do think that I am not consuming enough but I am not sure. I guess I am still on the old weight (weight gained since then was subtracted from the current weight). 11.9k SHARES Facebook Twitter Whatsapp Pinterest Reddit Print Mail Flipboard Advertisements CNN host Wolf Blitzer asked Republican vice presidential candidate Mike Pence about Congresswoman Michele Bachmann's comments last week that they should answer to God. But what the Christian conservative said, captured by CNN's Money in Politics Team, was just as startling as Bachmann's own comment. Here are the video and transcript from CNN: MICHELLE BACHMANN: If God told me to raise the debt ceiling, then God would have spoken by now. And that's how we ought to approach this because if we have a sovereign God who can do anything, you know what? We just have to recognize that he works through Congress just like we do. But He will do it, and it will be done. Advertisements BLITZER: You see no political pressure here? BACHMANN: No. But I'll tell you what, if we are going to go through that exercise, I would submit to Him that we should be absolutely transparent. BLITZER: What do you mean? BACHMANN: That we are being transparent in the process. That every time, when we get a bill to go out the door, or when Congress makes a decision, and that includes any references to sovereign God, that we make that a public record. And because we are sworn to the United States Constitution, that we have a responsibility to follow it. Michele
