This data will enable players to feel the responsiveness of the game, with the ball constantly in motion and player movements captured with incredible detail. “We believe that these improvements, alongside the new career mode, set the standard for FIFA in the sports genre on PC and console. The game is the most balanced and beautiful FIFA game to date,” said Christoph Hartmann, Executive Producer on FIFA. Additional features include: New game modes and tournaments – new game modes include UEFA Champion’s League Cup mode, in which players take on the European top teams in the Play Anywhere mode of the UCL, and the FIFA Mobile tournament, where players can play against top EA SPORTS FIFA Mobile players from around the world. Online Seasons – the new Online Seasons feature allows you to track your progress against other players in the real world and has the ability to track your league and region performance. Competition Matchdays – the introduction of Competition Matchdays enables you to play two a side, real life match days, with players from different leagues and competitions. Player Ratings – players get career ratings, which they use in the new Career Mode to improve their player’s attributes, transfer them in their ‘Club Stories’ and carry over attributes and bonuses from a previous career into their next career. Authentic Set of Teams – FIFA 22 features accurate representations of 99 national teams, including 74 domestic leagues. Dynamic Player Visuals – the introduction of new player visuals enhances the player likeness and increases the feeling of authenticity. World Class Playmaking – the enhanced systems aim to challenge teams and players to break the patterns and exploit the gaps created by opposition changes. Key Features Player Movements – player movements are captured at every point on the pitch to give the full impact of your tackles, challenges and player duels. Ball Physics – an advanced physics system helps to recreate the real-life behaviour and different touch and bounce of the ball, along with the spin of the ball in any situation and increase the realism of the experience. Champions League & Goalscorers – bring the real world UEFA Champions League experience to your game with a new system that brings live data and analysis of Champions League matches. Tackle Positioning – tackle positioning is improved to better emulate the real-life contact area with the ball and increases the feeling of aggression in the tackle

**SPORTS's annual global sports franchise. The FIFA series has become a part of people's lives - in fact, it's the best-selling sports franchise of all time, having sold more than 300 million units since the series debuted on personal computers in September of 1991. With FIFA 22, you have access to more than 3,000 players and more than 250 licensed clubs, all brought to life with cutting-edge visual technology and a dynamic crowd. And for the first time, game modes and the web portal to FIFA 21's full roster of player cards and training drills have been integrated. Players, stadiums, rosters - You're in for the FIFA FIFA 22 includes even more gameplay innovations to take you deeper in your journey to the World Cup. You'll find more ways to play with friends, be challenged in My Career, but also engage in the challenges of online leaderboards and My Player Goals. In My Career, climb through nine different career paths to the very top of the World Cup World Player Rankings. Test your skills as a free agent, offer or accept offers from clubs, negotiate contract details, and progress through the international career ladder, earning honors like the FIFA World Player of the Year, FIFA World Cup Silver Ball, Silver Shoe Award, and much more. You've always played FIFA with your friends, now the game's social features are more robust than ever. Get help finding new teammates and even score a goal or two while you're at it. All the ways you can play are just a part of FIFA 22. In addition to the usual arsenal of gameplay modes, FIFA 22 includes two new game experiences: My Team and online leaderboards. My Team is a brand new way to pick a line-up using the right and left edges of the screen, with any amount of players you can afford. Together, the entire roster of players in a country or region come together and play. If you choose, you can manage the roster in real time by assigning cards to players for long term planning, or you can choose to prepare your team in advance by assigning cards to players. The process is intuitive and fun, and it allows you to simulate the long term squad planning you would do in real life. My Player Goals is a new game mode that brings FIFA 22's new My Career features to a completely new setting: a personalized player card. You create a player**
