Powered by And I want to remove pdf name by this. Notepad - find and replace - regular expression. A: 1) Extract the file to some new folder. 2) Open a notepad (or text editor) and search for the word "luportmp" & delete all instances of this. 3) Save your text document in "txt" format. 4) Rename the new file to "luportmp.txt" 5) Rename your file extension to ".rar". 1 of 8 On Thursday, General Manager Matt Klentak announced that Jake Arrieta, more commonly known as simply "Jake," will not be dealt until after the July 31 non-waiver Trade Deadline. Arrieta already has been non-tendered after last season, despite his 3.59 ERA, 1.31 WHIP, 8.9 K/9 and 3.5 BB/9. Arrieta can still be traded during this offseason, as he would not have to clear waivers like the other pitchers non-tendered this offseason by the Phillies (Pablo Lopez, Roman Quinn, Allan Dykstra). Arrieta's most likely destination, just like last offseason, would be the Yankees, who are known for starting slow while their pitching is arriving. While it's true that Arrieta has struggled in his second season with the Phillies, would he be a better fit for the Yankees than, say, the Milwaukee Brewers? Let's take a quick look at the difference in his numbers with the Phillies, Yankees and Brewers, courtesy of Baseball-Reference.com.

Season	Team	ERA	FIP	K%	BB%	K/9	BB/9	HR/9	WAR
2015	Phillies	2.94	2.74	27.4%	5.0%	8.9	2.7	5.8	0.0
2016	Yankees	2.87	2.89	26.4%	5.1%	9.5	2.9	4.2	0.5
2017	Brewers	2.90	2.95	31.2%	6.2%	8.0	3.5	6.0	1.5

As you can see, Arrieta has been more dominant in New York, and hasn't been as effective in his other two seasons. Although the Phillies have him under contract for \$12 million in 2018, Arrieta will be up for arbitration after this season and his future with Philadelphia is no longer guaranteed
