ABOUT ELDEN RING: PRODUCTION TEAM Hiroshima was founded in 2009, and is one of Japan's hot indie developers. The work of the development team now includes not only the beautiful action RPG Tarnished, but also other titles such as Fatal Prophecy, The Final Spell, and No One Lives Forever. With the assistance of experienced people from various corners of the development industry, Hiroshima has been able to commercialize its first action RPG in Japan. The first chapter of No One Lives Forever established a high quality and excellent experience in the tactical RPG genre, and Tarnished is a continuation of this philosophy.

ABOUT ELDEN RING GAME: STORY This fantasy drama takes place in the Lands Between where the Gods live in the clouds and the Undead are the mortal human race. In this world, the sky is full of Gods who take the shape of humans and wander. The royal family Elden has a long history of worshiping the Gods and their life revolves around the worship of the Gods. Their generations in the church have produced the best generation since the beginning of the Kingdom and the family is called the Purity of the Elden. However, a few years ago, a rumor about a secret war between the gods and the Undead spread and the world became tense. The Elden Kingdom had to deal with a series of accidents and a few years later, the Kingdom is completely destroyed and a zombie apocalypse spreads. The Undead invade the city and start a siege that lasts for centuries. To

5/5 A deep RPG with strong multiplayer! By Akira_Elliott Tarnished Souls is a personal favorite of mine because it has a very different approach to the typical fantasy RPG formula. The gameplay is focused around cooperative play in order to have players work together to tackle various scenarios. During cooperative play, a sort of AI keeps the party stocked with gear and experience that also helps in battle. Tarnished Souls does a good job in giving the player a sense of involvement with the party members and their actions that really makes it special. Tarnished Souls is an RPG you'll want to keep on your radar as it's one that is definitely unique and worth a try! The multiplayer aspect really plays a huge role in the gameplay as you can play and interact with other players. This is a game that really focuses on the online aspect and it's definitely well balanced and doesn't feel over powered. That makes it a game where even if you're the only person in your party, you still feel like you can deal damage and make progress together. The sound and the character animations are great as well and really add to the depth of the single player aspects of the game. Tarnished Souls is a must-try game and I'd recommend it to any RPG fan who's looking to get their RPG fix. This game is old but it's still a solid game that definitely deserves your attention!

5/5 One of the Best Fantasy RPGs By gamer40556 This game is probably one of the best fantasy RPGs out there. The online coop, story line, and heavy emphasis on the multiplayer aspects makes this a great experience. I've gotten through the game and would definitely recommend it to anyone that enjoys fantasy RPGs. Tarnished Souls features some good graphics and story lines that definitely keep you hooked. I would definitely recommend this game to anyone who's a big fan of Fantasy RPGs. Definitely one of the best out there and should be on your radar.

5/5 A One of a Kind Fantasy Experience By AmeliaElz What is Tarnished Souls if not one of a kind? You play as a young man in a fantasy world where you take on quests, battle your way through the landscape of this world, and possibly bff6bb2d33
