4/3Â . 1. 4. A: Replace var key = "success"; ^^^ this With var key = data.d[0].success; Here, data.d is the data sent by the server. data.d[0] will be the first and only item inside. 'success' refers to the key name, not to the HTTP response. So change this to var key = data.d[0].success That means you will be checking on data.d[0].success, not data.d[0].success[0] Comparison of Doppler ultrasonography, positron emission tomography, and magnetic resonance imaging in predicting the outcome of idiopathic membranous glomerulonephritis. To define the relative strengths of individual imaging modalities in predicting the outcome of idiopathic membranous glomerulonephritis, the authors studied a group of 52 patients with normal renal function and biopsy-proven idiopathic membranous glomerulonephritis using standardized Doppler ultrasonography, magnetic resonance imaging, and positron emission tomography. Patients were grouped according to the spontaneous rate of decline in glomerular filtration rate (GFR), and each group was compared with respect to the ability of each imaging modality to predict the outcome of idiopathic membranous glomerulonephritis. Of 52 patients, 37% had a slow rate of decline in GFR. Magnetic resonance imaging and positron emission tomography were similar in ability to predict the rate of decline in G
