It's a Ruhr experience like no other. Metropole Ruhr is the OMSI add-on that is the largest to date and fully integrates the metropolis of the Ruhr region into the open-world experience. Take a bus ride in two types of vehicles from the very beginning and experience this massive region as you see it today. OMSI 2 is out now! Take a look at what is new in OMSI 2! The new update for OMSI includes many new features for you to enjoy! Hours Weeks Days Hours Weeks Days You can find out what are the differences between OMSI 2 and OMSI 1 as well as the advantages of this new major update for OMSI here. OMSI 2 comes with an updated interface, being more easy to use than the OMSI 1 interface! To find out more about how to use OMSI 2, please watch our YouTube video: New Features Might you be curious of the new features that OMSI 2 brought along? Let's have a look: HOTFIX: there is a fix for the following issues that occurred in OMSI 2: - You could not drive along the "Maagdorperbahn", which caused a blackscreen when you entered a required busstop. - Gameserver would lock up when the "Metropole Ruhr" was selected for a ride. - You could not enter the bus stop with the "Maagdorperbahn" without a bus. - If you wanted to enter the bus stop before the bus left, you needed to re-enter the bus stop to be able to take the bus. - You could not enter or exit the bus without a bus. - If a trip from a bus stop to a destination had been precompleted, a bus request could not be accepted. - The route request to the Zwickauer Süd was not accepted. ! We have addressed the issue where the pop-up for the cancellations or reservations was missing. You will no longer get a confirmation if you cancel a ride before entering a bus stop. The cancellations and reservations list will be accessible in the dropdown menu for the departures. - The required bus stops for international
