" I picked up my 2001 FUSION VII in April 2001 and have had it ever since and it has exceeded my expectations. Nothing has ever broken on the van and it drives great for the miles. I bought an after market sound system for it that looks great and sounds great to boot. I spend a lot of time in the van and it handles like a dream. The ignition switch has never malfunctioned and it's even been out there when it's snowing." My son has had his 2002 FUSION III since 2000 and has been thrilled with it. I have the 2000 PRO and I am in love with the way it handles and the fact it is a straight STD. I know it is almost time for us to start looking for our 2007 FUSION but we will have to wait a little longer!" Visit our 2 Gang Central Garage at: 6d1f23a050
